MOVE

MOVE

● WIN!

Chinese Checkers can be played by 2-4 and 6 players. 5 cannot as there is no opposition for one player.

The object is to move all your pieces to the corner opposite your home.

The first person to get all 10 of their pieces across the board wins.

You can make multiple jumps in one move over any colored peg including your own, if there is one space between the pegs, like checkers.

All pegs stay in play for the entire game.

All pegs can move in any direction.
